Completes Writer's Course in Navy

ABSMS Wade Lloyd, son of Mr. and Mrs. B. A. Lloyd of Vulcan, has successfully completed his Technical Administration Writer's Course at the HMS Supply and Secretariat School at Victoria, B.C. and has now been posted to the Admiral's Office as a Writer.

Prior to transferring to the Writer's branch of the Navy, ABSMS Lloyd served on the destroyer HMCS Crescent and was a member of the crew when the Crescent sailed to China in 1949. He received a very high recommendation from the Commanding Officer of the Crescent and his many Vulcan friends will be pleased to know that he is making such good progress in his work in the Navy.

Opening Games In Wheatbelt League

Picture Butte 11, Vulcan 4

In the first scheduled league game of the season played at Vulcan, the local baseball team lost to the visiting Picture Butte team by an 11-4 score.

Willard and Baird pitched for Vulcan, with Spaeth catching. The Picture Butte battery was Kaarl and Foshner.

Champion 11, Carmangay 1

Sunday May 28 saw Champion Baseball club play their first scheduled game of the season in the Wheatbelt League with Carmangay being the opposing team. The game was played at Champion and the home boys came through with a 11 to 1 score over Carmangay. Siler and Hagg formed the Champion battery while Chilton and McLeod did the honors for Carmangay.

School News

On May 20th, grades 5 and 6 had their excursion to Calgary, with Mr. Yoemans, Mr. Allan and Mr. Chapman supplying the transportation. The group of more than 20 pupils went to St. George's Island where they ate their lunch and watched the animals. After lunch the party went to the Shrine-Rotary circus at Victoria Arena. For many of the pupils it was their first trip to a circus. Some of the students stayed for the movie at the Chinook Drive-In theatre. Everyone had a very enjoyable time, even though some of the pupils probably suffered from stomach ache the next day.

Mr. C. Taylor, the new C.P.R. Agent, has donated a set of Standard Reference Encyclopedias to the Vulcan School. This set was much appreciated. The school library would appreciate other suitable gifts.

The Grade 2 class sent \$5.00 to the Junior Red Cross to be used for Winnipeg Relief purposes.

Eleanor Donily of Grade 2 is leaving this week to live at Vermilion.

Those having birthdays last week were: May 24th, Kathleen Haverly; May 25th, Christie Hindle; May 28th, Jean Ann Fisher. Each little girl had a party.

On Saturday, May 20th, a number of high school students journeyed to Calgary to take in the Shrine-Rotary Circus. Lunch was taken out to St. George's Island after which the majority went to the circus. All students reported having a very enjoyable time. Those who attended were: Ellen Loose, Helen Nicol, Anne Nicol, June Joiner, Marlene Lloyd, Caroline Deal, Shirley Connely, Arthur Connely, Glen Clark, Mervin Brooks, Jacqueline Crick, Bill Simington, Erma Graham, Elinor Hyslip, Elaine Love, Darrel Maisey, Lionel Lucas. Mr. Kumlin accompanied them as supervisor.

Mr. Kumlin was surprised by his pupils on the occasion of his birthday May 14th, when they gave him a party and several gifts.

GRADES III & IV—
Nora Chell celebrated her birthday on May 28th.

Louise Loucks, Nora Chell, Helen Haverly, Keith Witt, David Moore, Ellen Herman, Wayne Shortt and Sharon Houlton are going to compete in the Champion Track Meet on May 31st.

We received a letter from Clark Lamont who is now attending the Normal Practice School in Calgary.

May 24th Baseball Tournament Won By Strong Champion Club

Defeat Picture Butte And Carmangay To Win Annual Tourney

The Baseball Tournament held May 24 at Champion was won by the Champion club. Four teams of the Wheatbelt League participated: Carmangay, Picture Butte, Vulcan and Champion.

One of the largest crowds to pack the Champion ball park in several years was on hand to see some very fine pitching and fielding during the afternoon.

The first two games were seven innings but the final game was a full nine innings.

In the first game of the tourney, Carmangay trounced Vulcan 17 to 5. The Vulcan team lacked their usual sparkle.

The second game was a pitchers' duel until Champion scored two runs in the sixth to break the scoreless tie. Siler won a well deserved shutout over the Picture Butte team, pitching flawless ball.

The final game between Champion and Carmangay was also a thriller, and looked like a shutout for Mervyn Smith of the Champion club right up to the last man, when, as the result of an error in the infield, Carmangay scored a run.

First game, Carmangay vs Vulcan.
Carmangay — 283 031 0-17
Vulcan — 001 120 1-5
W. Chilton and Roy McLeod;
Don Campbell, Baird, Clayton Clarkson and H. Spaeth.

Second game, Champion vs Picture Butte.
Champion — 000 002 1-3
Picture Butte — 000 000 0-0
Final game, Carmangay vs Champion.

Carmangay — 000 000 001-1
Champion — 102 030 02x-8
Bob Sheerer and Roy McLeod;
Mervyn Smith and Larry Hagg, Karl Schauerman.

Annual Inspection of Vulcan Cadet Corps Held Tuesday

The annual inspection of the Vulcan Cadet Corps was held at the sports grounds Tuesday evening and was well attended by interested parents and others.

The inspecting officer was Capt. R. C. Munro of the Calgary Highlanders, accompanied by Capt. A. F. Swain, Cadet Training Officer for Southern Alberta, and Cpl. K. McLeod of the Cadet Instructional Centre.

Following the general salute, inspection and march past, demonstrations of various phases of their training were given by the smartly-uniformed Army Cadets. These included a demonstration of physical training, stripping and assembling of the light machine gun, sending and receiving in Morse code, "36" grenade, demonstration of the "58" wireless set, method of rifle coaching, and demonstration of first aid.

The appearance and playing of the Cadet drum and bugle band, organized just six weeks ago, reflected great credit on their instructors, John Hunter and Dave Brooks and drew many favorable comments.

The Vulcan Cadet Corps is sponsored by the Vulcan Branch of the Canadian Legion and is affiliated with the Calgary Highlanders. Instructors are Capt. J. L. Findlay and Lieut. Harold Uulmer, with the senior cadets being Cadet Lieut. Duane Neville and Cadet Sgt. David Mitchell.

The Corps received excellent marks as the result of the inspection. There were 23 Cadets on parade Tuesday night and vacancies exist for any other boys who wish to join.

Following the inspection, supper was served in the Armouries for the Cadets, their parents and friends.

Rural Girls Club Achievement Day

The Vulcan Rural Rascals held their Achievement Day at Red Cross School on May the 26th. Miss Hogg, the District Home Economist, and Miss Gaverhill, Dean of Olds, judged the exhibits, with the girls winning a great number of ribbons.

Deanna Rushfeldt presided. First was their model meeting with all the girls in their uniforms up at the front. A report on the year's work was given by the president.

There was also a treasurer's report given by Donna Rushfeldt. A demonstration on good posture was conducted by Ethel Doane and a demonstration on introducing by Helen Porter. The girls sang their Club song, "Beautiful Ohio," and Helen Richardson sang "Peggy O'Neil" and "Bless This House."

Miss Hogg and Miss Gaverhill discussed the girls exhibits which were displayed on card tables and looked very attractive. They then brought out the errors and the good points on their work. Mrs. L. Richardson gave a talk on her trip to Montana.

The leader, Mrs. J. Smith, closed the program with a talk on the Club.

A tasty lunch was served by the girls with Della Doane pouring coffee. After lunch everyone looked over the girls cooking, Record Books, and Handwork.

The girls were very happy to see over sixty people present. Club girls from Nanton, Kirkcaldy and Mossleigh also attended.

"Famous Mothers" was given by Mrs. McMaisters, with Mrs. Nellie McClung as the subject, and a paper entitled "Ambition" was given by Mrs. G. Hutton.

A Cancer Fund report showed that Good Deeds had collected \$171.50 for this cause. A few husks and a parcel of used clothing were turned in and a quilt will be made for the Manitoba Flood Relief.

Roll call for the June meeting will be demonstrations of flour sack articles. The next meeting will be held at the home of Mrs. Robert Irwin and members are asked to bring handicraft work to be put on display.

Lunch was served by the hostesses, assisted by Mrs. W. Wylie and Mrs. Jack Fisher.

Alberta Moisture 57% of Normal

An improvement has taken place this week in the overall rainfall situation of the three Prairie Provinces. The total moisture condition of the three Provinces combined, and weighted for wheat acreage, now stands at 74% of normal, compared with 72% last week and 64% at this time a year ago.

ALBERTA now stands at 57% normal, compared with the same figure of 57% last week and 65% at the time a year ago. SASKATCHEWAN now stands at 75% of normal, compared with 72% last week and 61% at this time a year ago. MANITOBA now stands at 112% of normal, compared with 108% a week ago and 78% a week ago and 78% at this time a year ago.

The rains which have occurred during this present growing season from April 1st to date for ALBERTA are 42% of normal, compared with 39% last week. For SASKATCHEWAN they are 81% of normal compared with 67% last week and in MANITOBA the rains now stand at 165% of normal, compared, compared with 154% last week.

In ALBERTA all Crop Districts have had less precipitation than normal excepting No. 15 and 16 which have been better than normal. In SASKATCHEWAN Crop Districts No. 1 and 6 have had somewhat better than normal rains and the rest have had definitely lower than normal rainfall. In MANITOBA all Crop Districts have had better than normal rains since April 1st except No. 10, 13, and 14 which have

New Addition to Palace of Nations

Enroute to Moscow during his recent "peace mission" through Europe, U.N. Secretary-General Trygve Lie lays the cornerstone for a new wing of the Palais des Nations in Geneva, Switzerland. The new structure will accommodate the headquarters of the World Health Organization of the United Nations (WHO). With Mr. Lie are Max Petitpierre, President of Switzerland (left), Princess Rajkumari Amrit Kaur, Health Minister of India and President of the Third World Health Assembly, and other Swiss and WHO officials.

High School Banquet Honors Graduating Class

The annual Vulcan High School Banquet and Dance was held in the L.O.O.F. hall Tuesday evening, May 23rd.

Following the deliciously prepared supper a number of students offered toasts: David Mitchell proposed a toast to His Majesty the King; Marlene Lloyd to the graduating class, to which Erma Graham replied; Jacqueline Crick to the Town of Vulcan, replied to by Mayor W. D. Allan; Melvin Burgess to the Faculty, with Mr. Joseph Majahey replying; Helen Nicol to the Home and School Association, replied to by Mrs. J. P. O'Connell; Helen Porter to the ex-students and replied to by Yvonne Somerville.

After the toasts had been given the graduates were presented with their diplomas by the principal, Mr. Majahey, and each was given a carnation by Mr. McPherson, the grade twelve home room teacher.

Members of the graduating class were Arthur Chell, Melvin Burgess, Marion Booth, Jean Smith, Duane Neville, Donald Larkins, Elaine Love, Darrel Maisey, Elinor Hyslip and Erma Graham.

A vote of thanks was extended to Mrs. Chell, Mrs. Neville, Mrs. Maisey and Miss Elaine Love, who made the banquet such a success.

During the evening those gathered together were favored by two solos by Mr. Ulmer.

A large crowd attended the dance that followed, in the upstairs hall, which was tastefully decorated by the grade ten class in the school colors of green and white.

The flood in the Red River Valley is steadily dropping day by day and some land at least is now appearing above water. It is today a race between the ability of farmers to organize their farms and clean their machinery and obtain seed so that at least some of the land can be sown before the season is too late.

Consider Franchise For Propane Distribution

Lethbridge Company Would Construct Underground System

A special meeting of the town council will be held this weekend to consider a plan advanced by the Midway Propane Co. of Lethbridge for the supplying of propane gas service to Vulcan homes by means of an underground pipe system.

The various steps in the project consist of approval by the town council of the granting of a franchise to the company and the forwarding of the plan to the Public Utilities Board at Edmonton for their investigation and approval. If the Public Utilities Board approves the project, the company would then conduct a survey here to determine the number of immediate and potential consumers. The final step before actual work on the project could get under way would be a vote of the ratepayers to approve the granting of the franchise to Midway Propane.

The project would involve the laying of an underground system of pipes, three feet deep. The mains would be laid in the lanes of each block. The total cost of construction and getting the project under way would be borne by Midway Propane and the Town of Vulcan would not be involved financially in any way.

Interviewed by the Advocate on Wednesday, H. Robinson, field representative of the company, stated that recent reductions in the cost of propane gas, together with the savings made by bulk distribution, makes the cost to the consumer compare favorably to the cost of coal or oil.

Should natural gas be made available to Vulcan some time in the future, the propane underground pipe system would be used for the distribution of natural gas and the franchise would contain a clause to this effect.

If the granting of the franchise is approved by the town council and the Public Utilities Board, a public hearing would be held in Vulcan prior to the vote of the ratepayers on the question. With approval of the franchise, the company would conduct its consumer survey immediately, with a view to having installation work completed and the system in operation this year.

DISAPPOINTING RESPONSE TO WINNIPEG FLOOD RELIEF FUND

Total of \$351.00 Received To Date For Flood Relief

Response to the Legion's campaign for support of the Manitoba Flood Relief Fund has been very disappointing up to the present. Since the campaign was launched in last week's Advocate only four persons have made contributions. Residents of the Vulcan District can do far better than that, and no doubt many have forwarded their contributions to other sponsoring bodies. Those who have not made a contribution are urged to do so as soon as possible. Contributions may be left at the Canadian Bank of Commerce, the Municipal Office or with the steward at the Legion.

Amount previously acknowledged \$301.00
E. G. McPherson, Vulcan \$25.00
W. D. Allan, Vulcan \$10.00
Mrs. N. L. Richardson, \$10.00
Keith Perry, Vulcan \$5.00
Total to noon Wednesday, May 31st, \$351.00

Contributions to date have been forwarded to the Headquarters of the Fund in Winnipeg. There is no need for a sales talk or special appeal as everyone knows the terrific need for real help. Vulcan CAN do better.

Salvation Army Appeal For 1950 Now in Progress

William Booth, Founder of The Salvation Army (July 2, 1865) wrote in October, 1890, of his plan to establish "Harbors of Refuge for the Harbored," he declared, "will gather up the poor, destitute creatures, supply their immediate, pressing necessities, furnish temporary employment, inspire them with hope for the future, and commence at once a course of regeneration by moral and religious influences. From these institutions, numbers would, after a short time, be floated off to permanent employment, or sent home to friends happy to receive them on hearing of their reformation."

Today, 60 years later, The Salvation Army in Canada alone, is operating more than 100 social service centres designed to meet human need and combat human error and despair. Their work has met with spectacular success. Files are crowded with "Success" stories—stories of unwanted children who have "made good;" unemployed men who have been kept in safe and sane pursuits; unmarried mothers who have been guided to the happiness they blundered in seeking; dependent or friendless aged who have found sanctuary and calm through life's end-years; prisoners and ex-prisoners to whom has been communicated the secret of successful living.

The Salvation Army's essential services to the Canadian people are worthy of recollection at this time when the Red Shield Appeal asks for generous support. There is no doubt that The Salvation Army is doing a vital work. With our practical support they will continue to do it, and do it as they have always done it—with heart to God and hand to man. During the past year 9 Alberta Salvation Army Institutions caring for humanity "from the cradle to the grave" registered admittances of 726 Alberta residents from 169 separate communities; to maintain this vital work the annual Red Shield Appeal is now being made. Mrs. N. M. Thomas is chairman of the Vulcan committee and donations may be left with her at the Treasury Branch.

A point of interest regarding this year's campaign is that ten percent of the donations received from this district will be returned here to be administered by a local committee.

Dr. and Mrs. Jarvis Tompkins and daughter of Quesnel, B.C., were recent visitors for a few days at the home of the former's brother, Dr. Allan Tompkins, and Mrs. Tompkins.

Closed Streams For Trout Fishing

Local anglers are anticipating the opening of the trout fishing season on June 16 and the following list of closed streams is published for their guidance:

No fishing is permitted in the following waters set aside for propagation of fish: the Bow river flowing through Inglewood sanctuary; Dog Pound upstream from the first bridge west of Dartique bridge; all of Flat, Sullivan and Pekisko creeks; all waters in S.H. 1, tp. 9, r. 27 W4 except the Old Man; all waters SW 2, 5, tp 36, R5, W3.

No fishing is permitted in sections of the following streams within the Forest Reserves: all unnamed creeks; south fork of Willow Creek; Flat, Sullivan and Pekisko; Yeske, George and Blue Rock Creeks, tributaries to Sheep River; Prairie and Range Creeks, tributaries to the Elbow; all the Spray river watershed.

Red Shield Appeal

The annual Red Shield Appeal of the Salvation Army opens this week and the local drive is under the chairmanship of Mrs. N. M. Thomas.

The work of The Salvation Army never ends. Thousands of Canadians are helped every day by the human touch of this Army of Mercy—the lonely in hospitals are cheered and comforted—to those in jail this understanding heart brings hope—unwanted babies in maternity homes are given back their birthright—broken men are re-installed in habits of industry by their guiding hand. Help The Salvation Army continue this great work rebuilding human lives. It must go on—but can only do so with your help. The Salvation Army relies on your generosity to supply the necessary funds for continuance of its many activities on behalf of humanity. Please give generously. Donations can be made at the Treasury Branch.

Wild Oat Control

Wild oats are among the most troublesome weeds with which a western farmer has to contend. Unfortunately there are no selective chemicals available at present that will help in the fight against wild oats. We have to rely entirely on cultivation and competitive crops. To be effective, cultivation must be timely.

G. R. Sterling, Supervisor of Soil Conservation and Weed Control, Alberta Department of Agriculture, says that the best solution to this problem of wild oat control is a combination of cultivation and late seeding of a fertilized early maturing crop such as Olli barley or Laramie oats. The wild oats should be allowed to grow until the end of May or the first week in June, then killed by shallow cultivation with a one-way, discer, or cultivator.

About four days after you have finished cultivating, sow the grain with fertilizer. Sow it about 3" deep to allow for post seeding cultivation with a rod or cable weeder. Shallow cultivation with a rod or cable weeder when the sprouts on the kernels are about 4" long will destroy the wild oat plants that have germinated since the previous cultivation but will not disturb the deeper seeded grain.

MOOSE SEASON CLOSED IN ALBERTA THIS YEAR

The hunting of moose will be prohibited in Alberta this year according to an announcement made by the game branch at Edmonton.

The ban, issued by the department of lands and forests, results from a mysterious migration of moose from northern bush lands to the southern foothills, where there is less natural protection from hunters.

Cause of the migration, occurring in both Alberta and British Columbia, cannot be determined by naturalists and biologists.

Hunting of caribou also is banned this year. The animals are recovering from adverse winters which reduced their numbers.

Bag limits on other big game are: One male mountain sheep, one male or female mountain goat, one either male deer or male elk, one grizzly bear and one black, brown or cinnamon bear. Female bears with cubs are protected.

In the Pincher Creek area south of the Castle and Old Man rivers and west of Highway No. 2 between Macleod and Cowley, one of either male or female elk may be taken.

Open seasons are Sept. 15 to Oct. 31 for sheep and goat; Nov. 1 to Dec. 15 for deer and elk, and Sept. 15 to Dec. 15 for bears.

PURCHASES OF CANADIAN SOFTWOOD REDUCED

British imports of Canadian sawn softwood were reduced sharply in the past year. Purchases amounted to 205, 580 standards, as compared with 236, 223 standards in 1948 and 452, 353 standards in 1947. The expansion in supplies from European countries has gone a long way towards filling the gap.

THE SOURCE OF

top management

Here is a typical bank manager—43, married, with a growing family. He is active in community affairs. When he joined the bank as a junior, he was 17, just out of high school. He soon moved up. By his late twenties he was accountant in his branch.

He worked hard. All the time he was learning about banking, about Canada, too, in various branches, different areas... learning to know people—their hopes, fears, problems—the importance of the human factor.

At 36 he was branch manager. Now he has another, larger branch. And his way to advancement is still open. His general manager started as a junior, too... and carried with him to the top the business experience and human understanding gained along the way.

Francis James Clapp

Francis James Clapp, highly respected and well known merchant and oldtimer of Champion, passed away Monday evening, May 22nd, at Carmangay Hospital.

Born May 10, 1884, at Leytonstone, Essex, England, Mr. Clapp came to Canada as a young boy and spent a few years in Huntsville, Ontario, before moving to Carman, Manitoba, where he learned the harness trade.

He served as Sunday School secretary-treasurer of the Baptist Church there. In March of 1910, Mr. Clapp moved to Cleverville and started a harness shop, moving in the fall when Cleverville was moved nearer the railway and named Champion. He had resided in Champion for the past 40 years.

Mr. Clapp was active in church work. He was a charter member of the Evangelical Free Church and had served as secretary-treasurer for four years, Sunday School superintendent for two years, and was at the time of his death an elder of the Church.

He leaves to mourn, his wife, Dora; one daughter, Elva of Champion, and a brother Walter in Bristol, England.

Funeral services were held in the Evangelical Free Church, Friday, May 26th, with Rev. Rudolph Schneider and Rev. L. W. Fosmark of Taber officiating. Miss M. E. Reath rendered "There's No Disappointment in Heaven" and Rev. and Mrs. L. W. Fosmark sang "Only Glory By and By" with Miss E. Reath as accompanist.

The service was largely attended and the Champion High School students and teachers attended in a body. All business places were closed during the service out of respect for their late business associate.

Palbearers were: Elmer Rozander, Emory Mushler, Wilfred Green, Jacob Lebsack, Ben Lebsack and Ross Ruggles. Interment followed in Queen's Park Cemetery, Calgary. Arrangements were

SEED POTATOES HAVE MARKET IN URUGUAY

Uruguay continues to be a steady market for Canadian certified seed potatoes, and this year will be in the market for about 120,000 crates of the Katahdin and 40,000 crates of the Pontiac varieties. This is approximately the same amount as the record purchases made last year which were due to an attempt to increase domestic production of potatoes thereby reducing imports of table potatoes. Purchases will be made by the Official Seed Distribution Service on a public tender basis.

Wildcats are risky

To an oil man a "wildcat" is a well drilled in an area where oil has never been found. Drilling a wildcat is a risky undertaking and a costly one. Some wells have cost more than a million dollars—and have not been successful.

For that reason oil men make as certain as they can, before drilling, that there is a good chance of finding oil. They use the most modern instruments and skills to locate each drilling site; but still the odds are 20 to one against them. Only about one wildcat in 20 becomes a producer.

Over the past 30 years oil men have worked continuously against these odds. In western Canada Imperial alone drilled 134 wells—all dry—before the Leduc field was discovered in 1947.

But the end result has been new oil for Canada and benefits for Canadians. There are thousands of new jobs. Millions of U.S. dollars are being saved as the need for imported oil lessens. And, as another natural resource moves towards full development, the Canadian standard of living climbs higher.

These are real benefits to Canadians and they will increase as more oil is found. But to find more oil and to spread the advantages it brings, oil men must continue to work against long odds.

Sometimes a job that must be done can't be done without great risks.

Bringing you oil is a big job
...and a costly one

LOMOND

Some of the first seeding of wheat is appearing above the ground.

Mr. and Mrs. Fred Maronda and family were visitors at Cardston on Mother's Day.

A farewell party was held for Constable and Mrs. Bill Macleod of the R.C.M.P. The Recreation Club presented them with a travelling bag, as a going away gift. Const. Macleod took an active part in sports and also helped the children in different games. Mrs. Macleod was well liked in the community, she also took an active part in clubs and entertainment. Const. Macleod is being stationed at Waterton Park. Const. Hacken, formerly of Taber, has taken over the duties here.

Const. and Mrs. Bill Macleod are being congratulated on the birth of a daughter in the Vulcan hospital.

The Lomond Glee Club took part in the festival recently held in Lethbridge. They had very good marks. The marks were 84 and 86 respectively.

On Tuesday evening a farewell party held at the home of Mrs. Jorgan Henrikson honoring Mrs. Jack Beaton and Mrs. Harry Taylor, who are moving from the district. The evening was spent in playing games, and contests. A song was made up to the tune of "Memories" regarding Mrs. Beaton and Mrs. Taylor. After that a delicious lunch was served by the hostess. Mr. Taylor and Mrs. Beaton were each presented with a cup and saucer from the Guild, and each with a "first love" pattern gravy ladle from the Good Will Club. These two ladies will be greatly missed in the community. Mrs. Taylor will be making her home in Standard, Alberta. Mrs. Beaton will be making her home in Oyen, Alberta.

Jorgan Henrikson, Jack Gorgan, and Elmer Jensen were visitors in Calgary.

Mr. Fred Walker is erecting a new house.

FARM FIELD DAY

The SWATHER you asked for!

(Another Nacoo Company Quality Line)

The HITTERDAL
Self-propelled Swather

MADE FOR OUR CONDITIONS

Successfully Proven by three years actual field operation.

And through these exhaustive tests the Hitterdal Swather has been closely screened for hidden weaknesses. There just aren't any. Take note, too, of these many desirable features:

- Cuts operating costs; you can swath 10 hours on 5 gallons of gas.
- Eliminates need for extra tractor. Variable speeds from 1 to 7 miles per hour.
- Opens field without loss of grain. No waste.
- Turns square corners and leaves corners open; no tramped swaths.
- Light weight; cuts on wet ground or in boggy conditions where tractors cannot go.
- Uniform swath; no bunching or heavy slugs on corners.
- Powered by Wisconsin 13 H.P. air-cooled engine.
- Canadian made. Spare parts carried by 120 Nacoo Company Dealers in Alberta.

When you compare these and other features with those of any other swather on the market today, you'll choose a Hitterdal! Ask your local dealer for further information.

Co-operation Necessary—
During the last week of May, farmers throughout Canada will again be receiving the annual June questionnaire, concerning livestock, poultry, farm labour and acreages on their own farms. The Dominion Bureau of Statistics in co-operation with the Provincial Departments of Agriculture. The answers given by the farmers to the questions on the form will provide the basis for estimating the acreage sown to field crops in

1950 and the numbers of livestock and poultry in Canada at June 1st, 1950.

The success of the survey and the accuracy of the agricultural statistics published by the Bureau and several Provincial Departments of Agriculture depend on the co-operation of the farmer in filling out and returning the questionnaire. A widespread response from all types of farmers throughout each province is needed to obtain a fully representative sample.

The statistics obtained from the survey are used extensively throughout the year. The Dominion Bureau of Statistics is the official source of statistical information in Canada, and its figures are used by the Governments, Farms Organizations and Industry to plan future operations. International organizations such as the World Food and Agricultural Organization depend on the Bureau to supply up to date figures on Canada's Agricultural Industry. The farmer through his response to the questionnaire, has a real opportunity to help form a true picture of Agricultural conditions, and it is in his own interests to do so.

The survey has no connection with taxation. The farmers individual form is seen only by workers in the Dominion and Provincial Agricultural statistical offices. All individual forms are kept strictly confidential.

SAX says . . .

This is the time to have pictures of your farm.

Send your friends a nice
